# International Conference on Acoustics, Speech, and Signal Processing

12 – 17 May 2019 • Brighton Conference Centre, Brighton, UK

## 2018 PARTICIPANT PROFILE

In 2018, we welcomed a truly global audience, participants attended from more than 50 countries. In 2019 we are expecting similar high levels of interest not least as the topic is key to our industry and the Conference is being held in the UK, the first time the Conference has been in the UK since it appeared in Glasgow back in 1989.

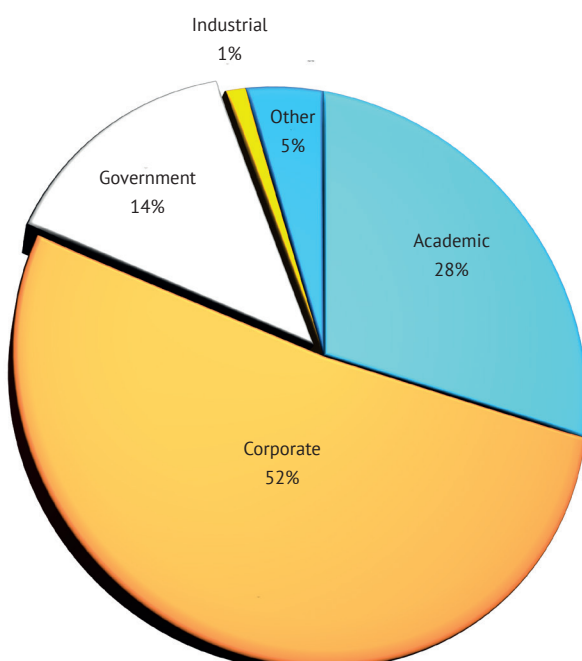

The expected number of delegates for 2019 will be over 2,500 made up of Engineers and Scientists working on signal processing and machine learning as well as their applications in communications, speech, biomedical, big data, data science and emerging technologies such as deep learning, quantum computing, and social media. The audience from both universities and industry are from over 135 different countries around the globe.

2018 achieved a record number of exhibition stands sold so please do secure your space early, by confirming no later than 15 February 2019 you can enjoy the early-bird rate of £2,000 (rather than £2,400 after this time).

## THE EXHIBITION

We have created a bustling exhibition area and are limiting the number of stands to ensure a high level of interaction between the exhibitors and the audience. The exhibition area will be accommodating innovation such as a recharging area, the scientific posters as well as catering and seating so, we are expecting the audience to visit frequently and network for longer.

In order to ensure the participants visit all the stands, we encourage you to offer an incentive or engaging activity from your stand and we are happy to feature such activities via the event app to help drive traffic to your stand.

To support you with achieving the highest level of exposure, we have positioned the exhibition in the main lobby area where registration is located.

Please note that tea and coffee breaks, including complimentary refreshments, will be available for all participants to enjoy morning and afternoon, which will be served in the exhibition area. Lunch is excluded from the registration fee so, participants are free to choose where to take their lunch. There will be lunch available to purchase from the venue and seating available in the exhibition area so we are expecting the majority of participants to remain and take the opportunity to network.

The standard exhibition stand is £2,400 (£2,000 if booked by 15 February 2019)

Included in the cost:

- Shell scheme stand 3m x 3m
- 1 x 500 w socket & 2 x spotlights
- A fascia board sign with company name to each open side
- 1 x basic table and 2 x basic chairs
- One complimentary exhibitor pass which grants access to the exhibition hall, the welcome reception and permits you to enjoy complimentary tea/coffee each day. Please note this does NOT allow access to the conference sessions

Should you wish to purchase additional exhibition passes, you can do so at a cost of £100 each.

All prices shown are inclusive of UK VAT as applicable.

Conference registration is available via the registration page [[please click here](#)] or, you are able to upgrade your exhibition pass(es) to full registrations by emailing your request. The cost to upgrade is £600 per registration. Conference registrations permit you the same access as exhibitor passes but also include the opportunity to access and enjoy all scientific sessions.
